

The proposal 04-233 to change FCC rules is not something I am in favor of. Local Christian stations provide a great service to me. On a personal level, I think it would be harmful to place added expense and constraint on Christian stations which provide me with music I enjoy and messages I like to listen to. On a professional level, as a youth pastor, I think they provide a great service to the community through their positive message, local event listings, and more. Please reconsider this proposal in light of the great benefit these stations provide to our local community and their positive influence.
